Miralix has been certified by KPN

KPN in Holland has certified Miralix TrafficAnalyzer. The Certification is part of the plan for KPN to present its customers the possibility to do Statistics on Philips iS3000 SSV60E, SSV25 and SSV35 Operator Consoles.

As result of the certification process new functionality has been added: TrafficAnalyzer can now also perform statistics in a Philips iS3000 Multi-Unit environment.

For those partners who have interest in testing the software pls. contact us to arrange a demo license.
