Miralix NW Info automatically shows information about the A-part in NEC Philips SSV60E

Miralix NW Info is an add-on application for the NEC Philips SSV60E PC switchboard and will automatically show selected information attached to the phone numbers calling when they are placed in the A-part.

The screenshot shows a window titled "Miralix NW Info" with a blue title bar. The window contains a form with the following fields:

Ejernr	45125-457	+SSV60E+ 15:58.18	
Chnr	45484377	MIRALIX	
Region	A9		
Telefonnr	40506010		
Navn	Hans Andersen		
Smågrise	Peter T.	75644845	Kolding
Avlsdyr	Jens Bredgaard	20457898	Odense
Transport	GL5	75854688	Sønderborg
Transport	Ingen	Ingen	Ingen
Salgskons.	Henrik Quest	33547412	København

Above is shown a screenshot of Miralix NW Info in use at a Danish company. The operators in the company needed to receive all available information about the persons calling.

The operators now receive information about the calling parts and can divert calls to the right persons in the large organisation. The service level at the switchboards is even more enhanced.

The information displayed in Miralix NW Info is directly taken from the Phoneware database used in NEC Philips SSV60E.

Requirements

Miralix NW Info works together with NEC Philips SSV60E PC switchboard. Miralix NW Email & NW Calendar version 3 is needed to make Miralix NW Info work.

Please feel free to contact me for more info about this special add-on product for the well known switchboard from NEC Philips!

Kind regards
Miralix A/S
